Dear Aum Bimalbhai:

On behalf of St. Clair College, we would like to extend warm and sincere congratulations to you for earning Academic Distinction for the Data Analytics for Business Program during Fall 2024.

Few students earn this distinction in their academic careers and we are very excited to have you join this influential group. We appreciate that many activities and responsibilities compete for the attention of each of our students, making your academic achievement especially notable.

We wish you continued success in your endeavours.

Sincerely,

Ruth Susannah
Chair, Zekelman School of Information Technology
